It's that time again! Summer season at Urbana Art & Soul Studio! As always, we are ready for creativity, fun, learning and friendship! Each themed week will introduce & practice various age-appropriate techniques & media. Artists will participate in activities and games that promote creativity, individuality & self-confidence. At Art & Soul, each artist is encouraged to take their projects in their own direction. They are always challenged based on their own age/artistic level to provide the most individual attention and creative processes/products. Looking forward to seeing what amazing things the children will be inspired to create this summer. Join us for a creative fun time!

Weeks will be both mixed age & specific age. We will be doing an "Art Buddy" system with the kids to provide extra support & promote/build confidence/self-esteem. There will be daily breaks, outdoor time & age-appropriate games for all weeks. All weeks will use an assortment of materials & techniques for art-making.

Time to pARTy

K-3 Grade (M-F) 6/13

What better way to start off the summer than with an artistic celebration. This week will be packed full of fun, color & surprises. How many types of parties can you think of? We will create art inspired by tea parties, birthday parties, fiestas & the list goes on! Painting, sculptures, drawing, balloons & more.

Find the Artist in YOU

6-12 Grade (T-F) 7/5

This week is all about exploring YOU as an artist. What moves you? What makes you cringe? Who inspires you? We will look at styles & techniques of other artists & adapt them to our own take on the idea. We will find what style of art speaks to you, what media you enjoy most, and try some styles & media that may push you out of our comfort zone. But this week is all about you growing! As a person & an artist.

*Hours for this week are 10am-3pm full day option only. Cost is the same due to increase in supplies.

Head to Toe Art

3-7 Grade (M-F) 6/20

Learn to draw humans (and other creatures) from head to toe! We will take a close look & study how to draw proportions & show depth with shading. We will take the intimidation of drawing humans away by offering new techniques, skills & approaches. We will not only draw, but paint & sculpt. We will explore how different artists depict human figures & how styles can impact the end result.

Stripes, Spots & Polka-dots

K-3 Grade (M-F) 7/11

Art can be found all around us. Even on our fuzzy, furry, slimy, striped, spotted and polka-dotted friends! Where else can you find these fun patterns? You will find out this week! Come join us to make awesome art covered in patterns. It will be a busy week for our artists & our artworks.

One World...Lots of Art

K-6 Grade (M-F) 7/25

We live on one planet but around the world, from culture-to-culture art varies drastically by style, media & interpretation. However, art is an universal language that can connect us all. It knows no boundaries & can be shared by all. Join us on an adventure around the world to explore art from other cultures. Try new technique & styles influenced by our discoveries.

MyCreativeSpace

3-8 Grade (M-F) 6/27

Calling all future designers! We are letting you take the lead design position @ A&S. Each artist will create a design book, learn about color, pattern, design, texture & textiles. We will look at design styles & apply our ideas to a wooden dollhouse. Each artist will receive a simple dollhouse as their blank canvas. They will create a plan & execute it in their design house.

* Hours for this week are 10 am-3pm full day option only. * Cost is the same due to increase in supplies.

I've Gotta Feelin'

3-7 Grade (M-F) 7/18

Woo...hoo...That this week's going to be a good week! Anyone else? This week is all about feelings that we feel emotionally & textures we feel with our hands! We will let this play on words guide us through art projects this week as we create some pretty cool works of art. As always, we will use a variety of media, techniques & styles to make one-of-a-kind pieces.

Totally Rainbow

K-3 Grade (M-F) 8/1

This week is going down exactly how it is titled. All things RAINBOW. Bright bold colors of the spectrum will be the stars of this week. We will use LOTS of color in everything we do. Rainbow fish, landscapes, abstract colors & more!
